Re: Detective Uhl

Dear Mayor, City Council Members and Chief of Police,

I grew up in Cheviot (off of Mozart in the early 1970's) and went to St. Martin's grade school. It was a wonderful place to be a child and I am committed to the prosperity of Cheviot.

I recently had the pleasure of being on the opposite legal side of Det. Uhl. He was the lead detective in a murder case and I was the defense attorney. The case ended in a plea largely due the tremendous effort of Det. Uhl. He had locked down and documented every factual aspect of the case. He also presented to all the attorneys and judge an organized and detailed binder laying out every action taken on this case with the result.

While I am opposing counsel, it does not stop me from respecting the hard work of those members on the opposite side of a case. Please express my appreciation to Det. Uhl for his work ethic.

Respectfully,

A handwritten signature in black ink that reads "Adam".
